

REACH Declaration of Conformity

OSHINO Electronics Estonia OÜ is a full service electronic manufacturing company and therefore considered a downstream user in a context of REACH principles. OSHINO Electronics Estonia is therefore not obliged to register with the European Agency for Chemicals ECHA. In order to assure our customers the continual supply of reliable and safe products, we are constantly monitoring the Substances of Very High Concern (SVHC) in our products as an on-going process. This also includes that all materials and components which we supply, are evaluated accordingly.

Our automotive products and related sub-components are reported in International Material Data System (IMDS).

OSHINO Electronics Estonia OÜ confirms that our products do not contain SVHC.
